Teachers Responses from our incursions

Robokids 2018 Successes

1. Accredited by **NESA** enabling teachers to accumulate mandatory TPL development hours.
 2. **Partnered with Toyota.** Our team ran our STEM program from March through to in October immersing over 1000 students and 45 teachers in Melbourne’s West.
- Travelled to China, ShenZhen** to assist Chinese teachers from the Boa’n province in STEM & Australian teaching pedagogy.

Extensive January School Holiday programs

Please see our [website](#) for details

On behalf of our team we warmly extend to you and your families a Merry Christmas and safe New Year. We look forward to working with you again in 2019.

Warm Regards

Michele Miller

Michele and the Robokids Team
